## Education

---

- 2015- 2021    Stanford University, Stanford, CA  
PhD Candidate Psychology  
Emphasis in Affective Science
- 2006-2010    Skidmore College, Saratoga Springs, NY  
BA in Psychology (minor in English)  
*summa cum laude*

## Research Training

---

- 2021-        Postdoctoral Fellow  
Tulane University, Department of Psychiatry (primary affiliation)  
University of Texas at Austin, Department of Psychology  
PIs: Dr. Charles Zeanah, Dr. Elliot Tucker-Drob
- 2015-2021    PhD Student  
Stanford Neurodevelopment, Affect, and Psychopathology Lab  
Stanford University, Department of Psychology  
PI: Ian Gotlib
- 2013-2015    Research Coordinator  
Louisiana State University Health Sciences Center, Department of Psychiatry  
PI: Joy Osofsky
- 2011-2013    Research Assistant  
Biobehavioral Research Lab  
Boston Children's Hospital, Department of Psychiatry  
PI: Michelle Bosquet Enlow

## Research Interests

---

Developmental psychopathology  
Early adversity and neurobiological development from infancy through adolescence  
Developmental plasticity of the hypothalamic-pituitary-adrenal (HPA) axis  
Neglect and enrichment in the early caregiving environment

## Honors & Awards

---

2021	Ruth L. Kirschstein Postdoctoral Individual National Research Service Award, National Institute for Child Health and Human Development
2020	Institute for Research in the Social Sciences (IRiSS) Dissertation Fellowship Stanford University
2019	Elizabeth Munsterberg Koppitz Fellowship in Child Psychology American Psychological Foundation
2017	APA Early Graduate Student Research Award, Honorable Mention (Top 5) American Psychological Association
2016	Graduate Research Fellowship National Science Foundation
2016	Top Poster Award Finalist Society for Biological Psychiatry
2010	Michelle Kelly Memorial Award for Excellence in Independent Research Department of Psychology, Skidmore College
2009	Phi Beta Kappa Skidmore College
2008	Psi Chi Honors Society Skidmore College

## Publications

*Early Stress and Patterns of Diurnal Cortisol Regulation: A Person-Centered Approach*  
Role: PI

Research Talks and Lectures

---

- 2021 Research Presentation, Stress and Development Lab, Harvard University  
Dimensions of Language Exposure in Infancy: Associations with Emerging Psychopathology and Brain Function
- 2021 Research Presentation, Language and Cognitive Lab, Stanford University  
Dimensions of Language Exposure in Infancy: Associations with Emerging Psychopathology and Brain Function
- 2020 Research Presentation, Affective Science, Stanford University  
Dimensions of Language Exposure in Infancy: Associations with Emerging Psychopathology and Brain Function
- 2019 Maternal & Child Health Research Institute Seminar Series, Stanford University  
Intergenerational Transmission of Psychopathology
- 2019 Conference Symposium, Society for Research in Child Development  
Associations of the Severity of Early Life Stress with the Coupling of Cortisol and DHEA from Earlier to Later Puberty
- 2019 Lecture, Introduction to Developmental Psychology, Stanford University  
Developmental Psychopathology
- 2019 Research Presentation, Affective Science, Stanford University  
Characterizing the Perinatal Environment
- 2018 Research Presentation, Affective Science, Stanford University (Prospective Students' Weekend)  
Infant Cortisol Responses to the Still-Face Paradigm
- 2017 Lecture, Introduction to Cognitive Development, Stanford University  
Developmental Cognitive Neuroscience
- 2017 Research Presentation, Affective Science, Stanford University  
Dimensions of Caregiving Deprivation in Infancy
- 2016 Research Presentation, Affective Science, Stanford University  
The Impact of the Severity of Early Life Stress on Diurnal Cortisol Regulation: The Role of Puberty

Conference Presentations (selected)

---

# Mentee co-author

2021

1. Humphreys, K.L., **King, L.S.**, Guyon-Harris, K., Sheridan, M.A., McLaughlin, K.A., Nelson, C.H., Fox, N.A., Zeanah, C.H. (2021). Persisting effects of foster care as an alternative to institutional care for institutionalized young children. Paper presented at the 2021 Biennial Meeting of the Society for Research in Child Development (virtual).
2. Feddoes, D.E.<sup>#</sup>, **King, L.S.**, Humphreys, K.L., Gotlib, I.H. (2021). Prenatal depression during the pandemic: Comparing a COVID-19 cohort to a matched pre-pandemic sample. Poster presented at the 2021 Biennial Meeting of the Society for Research in Child Development (virtual).
3. **King, L.S.**, Guyon-Harris, K., Fox, N.A., Nelson, C.H., Zeanah, C.H., & Humphreys, K.L. (2021). Multi-level analysis of foster care as an alternative to institutionalization on biobehavioral outcomes across childhood. Paper presented at the 2021 Biennial Meeting of the Society for Research in Child Development (virtual).

#### 2020

4. Humphreys, K.L., **King, L.S.**, Dennis, E.L., Gotlib, I.H. (2020). Maternal intrusiveness and infant hippocampal volume. Paper presented at the 2020 International Society for Developmental Psychobiology Conference (virtual).

#### 2019

5. Humphreys, K.L., **King, L.S.**, Dennis, E.L., Querdasi, F.R., Segarra, J.R., Sisk, L.M., Camacho, M.C., & Gotlib, I.H. (2019). Stress and infant amygdala volume: Exploring the specificity of preconception, gestation, and post-birth stress exposure. Paper presented at the 2019 Developmental Affective Neuroscience Symposium in Pittsburgh, PA.
6. **King, L.S.**, Graber, M.<sup>#</sup>, Gotlib, I.H. (2019). Associations of the severity of early life stress with the coupling of cortisol and DHEA from earlier to later puberty. Paper presented at the 2019 Society for Research in Child Development Biennial Meeting in Baltimore, MD.
7. Querdasi, F.R.<sup>#</sup>, **King, L.S.**, Humphreys, K.L., & Gotlib, I.H. (2019). Infant and mother cortisol responses to the Still-Face Procedure. Poster presented at the 2019 Society for Research in Child Development Biennial Meeting in Baltimore, MD.
8. Sisk, L.M.<sup>#</sup>, **King, L.S.**, Camacho, M.C., Ellwood-Lowe, M.E., Humphreys, K.L., & Gotlib, I.H. (2019) Infant resting-state connectivity of inferior frontal gyrus is associated with linguistic environment. Poster presented at the 2019 Society for Research in Child Development Biennial Meeting in Baltimore, MD.

#### 2018

9. Garcia, C.M.<sup>#</sup>, **King, L.S.**, Humphreys, K.L., & Gotlib, I.H. (2018). Infant distress responses to the Still-Face Procedure: Associations with maternal sensitivity and intrusiveness. Poster presented at the 2018 Association for Psychological Science Conference, San Francisco, CA.

10. **King, L.S.**, Graber, M.<sup>#</sup>, Price, A.N.<sup>#</sup>, & Gotlib, I.H. (2017). Beyond cumulative risk: Patterns of early life stress and mental health symptoms in early adolescence. Poster to be presented at the 2017 Biennial Meeting for the Society for Research in Child Development, Austin, TX.
11. **King, L.S.**, Humphreys, K.L., & Gotlib, I.H. (2018). Maternal sensitivity is associated with profiles of infant cortisol reactivity. Poster presented at the 2018 American Psychological Association Conference for the Cutting-Edge Research from Emerging Psychological Scientists session, San Francisco, CA.
12. Ojha, A., Camacho, M.C., **King, L.S.**, Humphreys, K.L., & Gotlib, I.H. (2018). Infant regional cerebral blood flow is correlated with maternal sensitivity following social stress. Poster presented at the 2018 Society for Affective Neuroscience Conference, New York, NY.
13. Rangel, E.<sup>#</sup>, **King, L.S.**, & Manber, R. (2018). Mothers' objective time awake after sleep onset is associated with lower observed sensitivity during a parent–infant interaction in the postpartum period. Poster presented at the 2018 Association for Behavioral and Cognitive Sciences Conference, Washington, DC.
14. Strickland, M.G.<sup>#</sup>, **King, L.S.**, Humphreys, K.L., & Gotlib, I.H. (2018). Associations of maternal symptoms of anxiety and depression with the emotional content of naturalistic infant-directed speech. Poster presented at the 2018 Association for Psychological Science Conference, San Francisco, CA.

2016

15. **King, L.S.**, Colich, N.L., LeMoult, J., & Gotlib, I.H. (2016). The impact of early life stress on diurnal cortisol: The role of puberty. Poster presented at the 2016 Annual Meeting of the Society of Biological Psychiatry, Atlanta, GA.
16. Price, A.N.<sup>#</sup>, **King, L.S.**, LeMoult, J., & Gotlib, I.H. (2016). Elevated diurnal cortisol secretion predicts internalizing symptoms in early pubertal boys. Poster presented at the 2016 Annual Meeting of the Society of Biological Psychiatry, Atlanta, GA.
17. Taylor, S.J.<sup>#</sup>, **King, L.S.**, Colich, N.L., & Gotlib, I.H. (2016). Relations between family stress, diurnal cortisol, and the development of depression in adolescent girls. Poster presented at the Annual Meeting of the Society of Research in Psychopathology, Baltimore, MD.

2015

18. **King, L.S.**, Osofsky, J.D., Osofsky, H.J., & Hansel, T.C. (2015). Long-term recovery of children exposed to Hurricane Katrina: A six-year longitudinal study. Poster presented at the 2015 Biennial Meeting for the Society for Research in Child Development, Philadelphia, PA.

Teaching and Mentoring

---

### Course Assistant

Spring 2020	Introduction to Abnormal Psychology (Dr. Amie Haas)
Winter 2020	Community Health Psychology (Dr. Catherine Heaney)
Fall 2019-	Graduate-Level Statistics Consultant (Department of Psychology)

Spring 2021	
Spring 2019	Introduction to Personality and Affective Science (Dr. Jeanne Tsai)
Winter 2019	Introduction to Statistical Methods (Head Assistant) (Dr. Russ Poldrack)
Fall 2017	Introduction to Cognitive Development (Dr. Hyo Gweon)
Winter 2016	Introduction to Statistical Methods (Dr. Karen Laroque)
Fall 2016	Topics in Depression (Dr. Ian Gotlib)

### Course Design

Summer 2019	Introduction to Statistical Methods (Dr. Russ Poldrack)
-------------	---

### Mentoring (Name, Current Position)

#### Stanford Undergraduates

Cheyenne Garcia	Research Analyst, UCSF Center for Vulnerable Populations
Abigail Graber	Stanford Undergraduate Major in Psychology
Madeleine Graber	Law Student, UC Berkeley
Mahnoor Hyat	Stanford Undergraduate Major in Psychology

#### Stanford Research Staff

Daisy Feddoes	Research Coordinator, Stanford Neurodevelopment and Psychopathology Lab
Alexandria Price	Associate Clinical Social Worker, Bay Area Clinical Associates
Francesca Querdasi	PhD Student, UCLA, Clinical Psychology
Elizabeth Rangel	PhD Student, UCSD, Clinical Psychology
Marissa Roth	PhD Student, Vanderbilt University, Clinical Psychology
Lucinda Sisk	PhD Student, Yale University, Neuroscience
Sarah Taylor	PhD Student, University of Michigan, Clinical Psychology

### Academic Service

---

#### Department of Psychology, Stanford University

2020-	Anti-Racism Reading Group (Creator & Co-Leader)
2019-	Media Committee (Member)
2019	Teaching Assistant Workshop for junior graduate students (Presenter)
2018-2019	Diversity Committee (Member)
2017	Affective Science Seminar (Organizer)
2017	Prospective Students' Weekend (Organizer)
2015-	Class Representative

#### Service to the Field

2018-2019	Assistant, Statistical Thinking for the 21 <sup>st</sup> Century, Dr. Russ Poldrack
	Assisted in reviewing and editing Dr. Russ Poldrack's open-source undergraduate statistics textbook Statistical Thinking for the 21 <sup>st</sup> Century ( <a href="http://statstinking21.org">statstinking21.org</a> )

- 2017-2019            Organizer, Paths to PhD, Department of Psychology, Stanford University
- Assisted in leading annual workshop for underrepresented minority students interested in applying to graduate programs in psychology
- 2015-                Journal Reviewer
- Biological Psychiatry, Child Neuropsychology, Child & Youth Care Forum, Current Psychology, Developmental Cognitive Neuroscience, Environmental Hazards, Frontiers in Neuroscience, Hormones and Behavior, International Journal of Disaster Risk Reduction, Journal of Child Psychology and Psychiatry, Neuropsychobiology, Nature & Science of Sleep, Psychological Medicine
